Dear Madam / Sir,

The Austrian Embassy would like to inform that the Austrian Federal Ministry of Education, Science and Research (BMBWF) announced that for the academic year 2026/27 scholarships will again be made available for foreign students, graduates and scientists.

The scholarship announcements are made via the Austrian Database for Scholarships and Research Funding www.grants.at (available languages: German and English). In addition to the scholarships provided by the Federal Ministry of Education, Science and Research, this database also contains information on scholarship programmes of other institutions.

The following scholarship programmes could be of particular interest to you:

- Franz Werfel Scholarship - Target countries: worldwide

Franz Werfel Grant is intended for persons with above-average qualifications, preferably with teaching experience and employment at a university, who focus on Austrian literature. The duration of the scholarship is four to nine months; an extension to up to 18 months is possible. Persons who consumed at least 12 scholarship months can apply for the follow-up support programme.

- Ernst Mach Scholarship worldwide - Target countries: worldwide

The Ernst Mach Grant – worldwide invites applications from PhD students, postgraduates, postdocs and young lecturers from universities outside of Austria. Students and academic
